Project Innovation

Nominee name **Jane Doe**

Nominee email **jane.doe@rfuanz.org.nz**

Who does the nominee work for? **RFUANZ**

Please provide evidence how the nominee meets the award criteria you have nominated them for

Accompany this reference nominee deserves to be recognised. Please refer to marking criteria button above.

Jane Doe carried out the Defence Communications audit throughout the country

Jane consistently set clear and measurable objectives for the project and ensured that all of her team members were aligned with these objectives.

Jane created a detailed project plan, outlining milestones and deliverables, and executed them effectively.

Jane kept to her track record of successfully completing this project within the agreed- timeline and budget, being 2 years to fully implement and carry out a full sweep of all defence comms.

Jane kept within the budget ensuring efficient and accurate

Jane's ability to exceed customer expectations can be showcased through the following examples:

Jane effectively communicated with all stakeholders throughout the project, providing regular updates and addressing any concerns promptly.

Jane actively involved all stakeholders in the project planning and decision-making process, ensuring that their needs and preferences are considered.

Jane went above and beyond to deliver high-quality work, often surpassing what was originally expected, also providing technical advice, and an ongoing training solutions once all comms had been upgraded on all sites

Please upload any other references that help support your nomination

The more proof/information you can provide for your nominee the better.

The Defence force provided positive feedback highlighting her exceptional service and performance. As attached
